

The English class (6°) at the cinema

We went to the cinema to see the films "Rue Cases-Nègres", "Wadjda" and "Couleur de peau: Miel". We left by bus to the Arc-En-Ciel cinema in Hazebrouck.

We preferred the film "Couleur de peau:Miel" because it seems the most easy to understand. Once in the projection room, we were divided by class to facilitate the return.

After each film, we worked on each one of them in History-Geography-EMC and in French. For each film, we learned new things.
